IDEAS are writing starters made with an image, text and sometimes audio. If you want to write about an idea, click the Write About button. You've now started a Post!

POSTS are pieces of writing that you create by clicking Write About from an Idea -OR- Create a Post from scratch (with your own image) by clicking the "pencil" icon.

GROUPS are writing communities that bring people together to share Ideas and comment on each others' Posts. Look for your class Group and join Groups that interest you.
